

The Florida House of Representatives

Office of the Speaker

MEMORANDUM

To: Members of the Florida House of Representatives
From: Jay Trumbull, Appropriations Committee Chair
Date: May 20, 2022
Re: Property Insurance Proposal Highlights for Special Session 2022 D

On Tuesday we will gather for a special session with the goal of helping consumers deal with rising property insurance rates and unexpected cancellations and claim denials. We know this is an important issue for Floridians, and the Speaker has challenged us to address the availability and affordability of property insurance for that reason.

Attached to this memorandum and below is a bulleted list with the high-level details of the legislation I will file soon. These are policies that we believe will help curb abuses in the market without creating unintended consequences. In developing this legislation, we have worked to balance the interests of the stakeholders in Florida's insurance market while ensuring that the consumer remains paramount in the conversation.

This legislation builds on the significant property insurance reforms we passed in 2021 and responds to the needs of the moment. I look forward to discussing the specifics of this proposal in more detail with you in the coming days.
